We are not just a company; we are your partners in power solution!

PT Power Partners Indonesia (PPI) is more than an establishment. We are a vision brought to life. Established in 2021 and as a proud member of the esteemed Power Partners Group, PPI officially launched its dedicated warehouse and office on May 9, 2023 in a grand event that marked a significant milestone. The occasion was graced by over 120 industry experts, seasoned consultants, esteemed vendors and suppliers, both local and international. We have positioned ourselves as a critical player in the Indonesian market because we believe in the power of promises kept. The success of our launch event was a testament to our dedication to your satisfaction and unwavering after-sales support. As we continue to grow and contribute to Indonesia's critical markets, you can rely on our expertise and sustainable solutions for a power supply that never falters.

Who We Are?

At PPI, we are not just a subsidiary of the Power Partners Group but a vibrant community of experts, innovators, and visionaries. Our journey began with a simple belief - that power is more than electricity; it is the driving force behind your dreams.

Our Vision

At PPI, we envision a future where an uninterrupted power supply is not just a necessity but a guarantee.

We are driven by the belief that power is the lifeblood of industries and it's our responsibility to keep the heart of your operations beating seamlessly.

Our Mission

We are here to revolutionize the power solutions landscape in Indonesia. We are here to provide sustainable, innovative, and reliable power solutions that power your ambitions.

We understand the unique challenges faced in the Indonesian market and are dedicated to addressing them with tailor-made, cutting-edge solutions.

Organisation Structure

Empowering Your Success: Discover PT Power Partners Indonesia

We understand that in today's fast-paced world, power is not just a utility; it is the pulse that keeps industries thriving, businesses running and communities connected. As we continue to grow and contribute to the development of Indonesia's critical markets, you can rely on us for a power supply that never falters.

Key Features

At PT Power Partners Indonesia, we take pride in our core strengths, which set us apart in the power solutions landscape. These key features reflect our unwavering commitment to our customers:

1 COMPREHENSIVE SERVICE PORTFOLIO

Our power solutions cover design, installation, maintenance, and upgrades for a seamless experience that exceeds expectations.

2 CUTTING-EDGE TECHNOLOGY

We integrate the latest power generation and distribution advancements to provide our clients with the most efficient and sustainable solutions.

3 CUSTOMIZED SOLUTIONS

Each client has unique power requirements. Our experts collaborate with you to create tailored solutions that match your needs.

4 RAPID RESPONSE SUPPORT

In the world of power, downtime is not an option. We offer rapid response support, available 24/7, to address any issues that may arise. Our technicians are always on standby to ensure minimal disruptions to your operations.

5 ENVIRONMENTAL SUSTAINABILITY

We are committed to environmental responsibility. Our solutions are designed with sustainability in mind, incorporating energy-efficient technologies and renewable energy sources to reduce your carbon footprint.

6 PROVEN TRACK RECORD

Our track record speaks for itself. Over the years, we have successfully completed numerous projects, earning the trust of a diverse clientele. You can rely on our experience and expertise to deliver exceptional results.

Why Choose Us?

Localized Expertise with Global Reach:

PPI boasts a wealth of local expertise coupled with unparalleled global resources. Our affiliation with the esteemed Power Partners Group, comprised of over 170 highly skilled engineers and management professionals, positions us at the forefront of international industry leaders. We offer a unique combination of nimbleness, localized proficiency, and worldwide network support.

Local Corporate Giants Empower Us for a Brighter Future:

Our strategic local partnerships are vital to our growth and innovation. They provide valuable resources and collaboration opportunities. We are committed to expanding and nurturing these relationships for the benefit of all parties involved. Our goal is to drive sustainable growth in the Indonesian market through new collaborations. At PT Power Partners Indonesia, we are dedicated to harnessing the power of partnerships.

Innovation-Driven Solutions:

PPI is committed to investing in research and development to provide state-of-the-art power solutions. Our sustainable and innovative offerings are designed to ensure seamless operations and prepare you for the future. Our focus on cutting-edge technology and sustainable practices sets us apart as industry leaders, and we are dedicated to delivering excellence to our clients.

Introducing Team and Expertise

Our team at PT Power Partners Indonesia is a cohesive group of approximately 10 dedicated professionals who are deeply familiar with the Indonesian power solutions landscape. They understand local challenges and opportunities intimately, ensuring that our solutions are functional and perfectly aligned with our client's needs.

Access to a Wealth of Expertise: Thanks to our direct link with Power Partners Group's extensive resources, we can confidently tackle any complex challenge with innovative and practical solutions. Our Jakarta-based team has access to expert engineers and management professionals whose knowledge and experience we leverage to ensure success.

Holistic Approach: Our team is a leading force in problem-solving, with a holistic approach that combines local insight and global best practices. We continuously learn and develop to stay ahead of industry trends and technologies. Our unwavering commitment to excellence ensures that we provide only the highest quality service and solutions.

The Integrated Solutions

We pride ourselves on being more than just a power solutions provider; we are your trusted partner in innovation who understand your power requirements. With these integrated solutions, we empower your success, offering precision, innovation and a commitment to delivering power solutions that not only meet but exceed your expectations.

POWER PROTECTION SOLUTIONS

We offer a comprehensive range of power systems that ensure reliable and uninterrupted energy supply to your critical loads, covering everything from traditional to advanced solutions.

GREEN ENERGY SOLUTIONS

We're committed to sustainability through clean energy and technology. Leading in low-carbon, renewable energy, energy storage, and cooling systems.

MODULAR INFRASTRUCTURE SOLUTIONS

We offer an innovative approach to infrastructure with customizable prefabrication and PTU offerings, as well as comprehensive MEP services.

INTENSIVE ENGINEERING SOLUTIONS

Engineering excellence is at the core of what we do. Our team's engineering expertise and advanced technologies enable us to deliver tailored solutions for your unique needs.

System Services

PRECISION IN POWER, COMPREHENSIVE IN SUPPORT

Our integrated solutions, as previously highlighted, encompass a wide spectrum of offerings, from power protection to green energy and modular infrastructure. However, our dedication to your success does not stop there. We understand that maintaining and optimizing your power systems is paramount. That is where our System Services come into play.

Maintenance & Overhaul Expertise: Our team is equipped with the expertise and experience needed to provide meticulous maintenance services that will ensure the longevity and reliability of your power infrastructure. We specialize in comprehensive overhaul services that breathe new life into ageing systems, keeping them efficient and effective.

Rental Services: In addition to our maintenance capabilities, we offer rental services for loadbanks and vehicles. Whether you require loadbanks for testing, or vehicles for logistical support, our rental services come with a package of experienced engineers and drivers, ensuring seamless and hassle-free operations.

With our Integrated Solutions and System Services, we provide a holistic approach to power solutions. It is not just about the initial setup; it is about the ongoing support that keeps your systems running at their best. We are your partners in precision and comprehensive support, ensuring uninterrupted power supply and peace of mind for your operations.
